Soft Launch of The CACH Token Cryptocurrency

The CACH Token will be released for sale in limited quantities for a soft launch on January 15, 2022. The sale will be conducted by <https://apeswap.finance/>.

The Token will have a reserve fund and some consumer protection for token holders. The white paper can be viewed on https://www.cachedefi.com/assets/pdf/CacheDEFIProject_WhitePaper_Nov2021_Rev1.0.pdf

The token sale will include 50% liquidity locking for 365 days, reserve fund creation of 39% of sales and 11% going towards exchange fees, expenses and advertising.

Token holders will have future opportunities of liquidity mining or yield farming with the CACH token but currently these functions are not yet implemented. Distribution of tokens will be released yearly to support sustainability of the token earning potential and appreciation of the reserve fund. Current distributions will run from 2022 - 2103.

Before loaning or earning with your tokens a discussion of risk factors should be considered by prospective token holders and their advisors in assessing the appropriateness of using cryptocurrency in this way. Cryptocurrencies are not guaranteed, their values change frequently, and past performance may not be repeated.

Approved for immediate release.
